From scenic drives through the countryside, shopping trips or picnics in the park, there's always an activity to join if you choose to do so. Our Leisure & Lifestyle Officers love what they do, and it shows. They provide meaningful occupations and activities as an option to all our residents to engage.

These can vary in frequency and type and are inspired by an individual's preferences or social interests.

Engagement is proven to positively flourish an individual's health and wellbeing is a crucial element in our person-centred care model.

Respite Care

Respite care is a short-stay solution that can be planned ahead, or in the case of an emergency, last-minute or unplanned. Short stays are a great solution for individuals seeking support following post-operative or hospital care, or whilst their regular caregiver takes a break. Respite care can also be used as a way of introducing long term care to a loved one. Many of our beloved residents were introduced to us for two weeks respite care and loved it so much they decided to stay!

Basic Daily Care Fee

The Basic Daily Care Fee covers your day-to-day living costs in residential aged care such as standard meals, cleaning, and laundry, heating and cooling.

The Basic Daily Care Fee is set by the Federal Government, is the same in every residential facility and is calculated as 85% of the single person rate of the basic age pension. It is indexed with the age pension (it increases when the aged pension increases) and is adjusted every March and September.

Additional Services

Southern Cross Care provides additional services for a small daily fee on top of the Basic Daily Care Fee, to support our residents' lifestyle and wellbeing. Depending on the location, these additional services may include recreational activities, greater choice of meals, entertainment, outings, and other options tailored to personal preferences.
